

# Vino Mex

## Tasting of Mexican wines Other wineries Reds

### **San Pedro 1996 Merlot**

One of the first Mexican wines ever to be imported into the United States!

This world class, oak-aged Merlot is soft and subtle with a long pleasant aftertaste. The bouquet is big and full of fruit. Perfect with rich tomato sauces and nice cuts of red meat.

### **Flor De Guadalupe 2001 Zinfandel**

This wine offers some very nice elements, although they never quite come together as a cohesive whole. The aromas of vanilla and raspberry continue to evolve in the mouth to include cherry and caramel flavors and a herbal, tannic finish.
